Theme Specific Tours

Axel Schulten - Axel Schulten

Discover Cologne from a different perspective - this tour takes you high up. We start with a short walk from the cathedral over the Hohenzollern Bridge with its castles of love. A look back shows us the beautiful old town panorama with its colourful gabled houses and church towers. The elevator of the KölnTriangle brings us to the visitor platform at a height of 100 meters. The 360° panorama is breathtaking. Do you recognize the famous sights of Cologne from a bird's eye view?
