Let us welcome you to the beautiful and historical central Cologne with one of our renowned public brewery tours. Our young and energetic guides are experienced english speaking professionals who will happily take you on a trip through the city's most famous breweries. You will not only learn a little bit about the breweries and the local brewing culture, but most importantly taste the result of hundreds of years of brewing experience. Enjoy the warm and traditional atmosphere as we shine a light on Cologne's weirdest, most interesting and hilarious facts and legends. We cover some of the most traditional breweries Cologne has to offer such as the 700-year-old Brauhaus Sion, as well as younger breweries such as Cologne's largest: Früh am Dom.
