The special kind of team training

Sehenswert turns Cologne's historic city centre into an interactive game course. The aim is to experience the city as a team and to hold your own against the other **teams** at the individual game stations. The players are constantly faced with new **challenges** that need to be overcome together.

Team spirit, creativity, skill and humour are required here. Complement each other, combine your strengths and make your team the KölnChampion.

You will be accompanied by our **team coaches**, experienced experts on the city and the course, who will provide you with all kinds of interesting facts and curiosities about the history and lifestyle of our historic city along the way...and of course a good dose of **motivation!**
