

Cologne BüdchenTour

City tours for groups

Kiosk - © Stephanie Biernat

From cola bottles and liquorice snails

Sehenswert takes you on a very special city walk to a typical Cologne phenomenon: the **good old Büdchen** - newspaper kiosk, meeting place and shopping alternative - is full of stories and childhood memories of Coke bottles, fizzy sweets and liquorice snails.

With around 1000 Büdchen, Cologne is the city with the highest density of Büdchen after the Ruhr area.

Learn about the significance of the **booths for their Veedel** (= neighbourhood), which of them have special product ranges, which regular customers they have, what the everyday life of a Cologne booth looks like and what fate befell some of them.

And on the way there is a **delicious sachet from the booth** for everyone.
