

Lake Ei

Obwalden Tourismus

The beautiful Eisee - from which the mountain lodge of the same name takes its name - glistens in all colors and is also known for its long fishing history.

Delightful Lake Ei - from which the Berghaus Eisee takes its name - glitters in all colours and has long been known for the excellence of its fishing. Early in the morning, you find anglers practising their beloved hobby; you have to admire their patience for success, which we sometimes lack in daily life. Fishing packages and day passes are available at the Berghaus Eisee. Happy fishing!

Geographically speaking, Lake Ei is located in Obwalden, but it is only accessible via the Brienzler Rothorn on the Sörenberg side.
