

# Light Event Veranstaltungstechnik GmbH

Event technology || Exhibition stand construction

In the beginning there was lighting. Then sound, video and stage construction were gradually added. Over the years, LIGHT EVENT Veranstaltungstechnik GmbH has built up a broad range of expertise to master all tasks.

All-in-one service: You only need one contact person for your event and can look forward to your success with complete peace of mind. Regardless of whether it's a conference or a congress, a trade fair or a gala, a sporting event or a concert.

Highly trained, dedicated employees who are experts in their field. So your event is always in the best hands.

Modern equipment of the highest quality. For the most reliable functional safety imaginable.
