### Shopping in style in the Wilhelmsstraße quarter

The Quartier Wilhelmsstraße, a small but fine shopping street, stretches out in the heart of Kassel. With the slogan "Stil.Service.Kompetenz." (Style.Service.Competence), Quartier Wilhelmsstraße not only presents itself as "the fine mile", but also embodies service at the highest level. Owner-managed shops provide the distinctive charm of the quarter. The perfect mix of traders, service providers, culture and tourism give Quartier Wilhelmsstraße the distinction of being "unique". The Quartier Wilhelmsstraße is incomparable due to its multi-faceted product variety and differs from other shopping destinations because of its "open air" flair.

Whether you are looking for bed linen, shoes, leather bags or coats - the offer is diverse and if you feel like a coffee, cocktail or cinema before or after - you will also find that in Wilhelmsstraße. Our Tourist Information can also be found in this quarter.

Here and also at Wilhelmshöhe station, we offer a large selection of Kassel souvenirs, postcards, travel guides and leisure maps. Whether you're looking for a statue of Hercules, a sky striker, a cuddly raccoon or an original T-shirt, you're sure to find the right souvenir for everyone here.
