Kassel is "wow"!

Himmelsstürmer, Herkules, Brüder Grimm or Waschbär - there are so many things that "Kasseler" are proud of. Guests also quickly take the documenta city to their hearts and don't go home without an original souvenir. That's why it's worth visiting the Tourist Information Centre, which is just a two-minute walk from the town hall. Here you can get original Kassel gifts, souvenirs and local specialities. You can also buy event tickets, for example for concerts, comedy, city tours and much more.
