800 sqm house garden "Beim Holze" in Bad Zwischenahn-Bloh

The house garden, framed by beech and yew hedges, is located on a 800m² property on a cul-de-sac lined with tall oaks. "Garden rooms" with different color emphases (yellow, white, pink-violet), sun and shadow areas and a small pond subdivide the area. There is a circular path around the house, so that insights into the variety of shrubs and trees (approx. 600 species) are possible. The focus of the planting is on phlox, roses, hostas and hydrangeas.
