

Listening station Burg zu Elmendorf

worth seeing

Marvel at the castle complex on the north bank of the Zwischenahner Meer.

"Three mountains" rise conspicuously in the place of the same name on the north shore of the sea. Some of you have probably puzzled over the hills. They are - as evidenced by excavations by archaeologist Dr. Dieter Zoller - more than just simple surveys. In the middle of the 12th century a castle of the Counts of Elmendorf stood here. Information boards tell the story.
