

Anouar Brahem Quartet

GuidleProxy

The meeting of jazz and oriental sounds.

For almost forty years and with a total of 11 albums on the outstanding ECM label, Anouar Brahem has continued the age-old tradition of Arabic music, the main characteristic of which is its outstanding finesse. The free spirit of improvisation so typical of modern jazz contrasts with the sophisticated harmonies of the learned compositional tradition of the West and the refined compositional forms of other ancient cultural traditions from the Orient. Anouar Brahem and his fellow musicians create a gently refined, graceful and dreamlike world borrowed as much from the contemplative Oriental tradition as from jazz. The resulting music is a wonderfully intimate spiritual journey to the heart of sound.
