

## Bike Ladies Only "Jochpass Trail Edition"

GuideProxy

Would you like to explore new trails and new possibilities with like-minded people? Spend a day out and about with ladies?

With us you have the chance of a unique offer. In an all-female group, we will develop new skills and perfect your existing abilities.

On this special version, we will tackle the bike trail on the Joch Pass together and analyse its various elements. We will improve our technique and master the ascents comfortably with the chairlift.

Of course, the content of the course also depends very much on the participants and will be adapted accordingly. Basic elements such as the correct braking technique, safe cornering and balance exercises are certainly on the programme.

### Included Services
