**KLOSTERTALER**

GuideProxy

Geris der Klostertaler is coming to the Ristis mountain restaurant.

With his unmistakable style of folk party sound combined with modern rock and pop elements, Geris der Klostertaler guarantees the best atmosphere for dancing and partying. For 17 years, Geris Tschann was an integral part of the Klostertaler as a singer, musician and composer, and for the past 10 years, the multi-talented musician has been a successful soloist with good-humoured hits - and always in lederhosen! Geris impressively demonstrates his entertainer qualities in his rousing interludes on saxophone, panpipes, bagpipes, Styrian accordion, alphorn, xylophone and didgeridoo.
