

## Lucerne's fortification - The Musegg Wall

GuideProxy

**Built over 600 years ago, covered, wooden battlements still characterize the image of Lucerne today and tell of an eventful, turbulent time.**

Our city was once protected by 30 towers and a stone ring. Climb the Musegg and listen to the stories about the construction of the wall, which is of national value today. Enjoy the panoramic view and follow the mystical movement of the clock pendulum in the Zytturm.
