

## BOLERO Restaurant & Lounge

Ligno In Raum, Gabriel Ammon

**Discover the taste of Spain at the BOLERO: a wealth of different tapas and pinchos, fajitas mexicanas and paella – made entirely to your liking.**

You can tailor your paella to your individual taste by choosing the basis, main ingredients and special extras. And to accompany it, a good Spanish wine from the modern wine lounge. After the hearty Spanish meal, how about a digestif in the form of a gin, of which there are many? As we say: a vuestra salud!
