

## Petrus Lucerne

**PETRUS stands for modern and above all fresh cuisine. The seasonally changing menu offers both unusual new creations and newly interpreted classics.**

Wood oven pizza, homemade pasta & coffee and cake  
The restaurant Petrus is located in Himmelrich 3 in the New Town of Luzern. At the center there is a mighty wood-burning oven for the neapolitan-style pizzas. The famous homemade raviolis from Pastarazzi are also loved and popular. Weekly changing lunch menus can be found on the website or on social media. The menu is small, clear and there is something for everyone; be it meat, vegetarian, vegan or gluten-free. Saturdays and Sundays there is a balanced brunch. The restaurant invites you to linger & relax as you are welcome to work with your laptop over a fine cup of coffee.
