

Restaurant Alpenblick

The Alpenblick restaurant is run personally by Rolf and Lucia, the second generation to run the kitchen and service. Guests can expect a pleasant, warm ambience with a sophisticated dining culture.

The Anderhaldens cater for a maximum of 30 people in their cosy parlour and in the living room with its Swedish stove. Gourmets can expect a spirited world cuisine with a flair for exotic flavours - whether fish, meat, simple, complicated, herb- or spice-centred. The main thing is always different and with a preference for flavours you don't get everywhere.
