

## Restaurant Zur Werkstatt

**Zur Werkstatt does what it says in the name: we're a restaurant and food workshop in one.**

For all those who like to savour food, we prepare fresh dishes for lunch, dinner and brunch and serve them in the toolbox. Or would you like to experience something? The amateur chefs among you can get to work in the kitchen workshop. In the bar workshop, you can discover the art of cocktails behind the bar. Whatever you like - you'll find it in our workshop shop.
