Veganitas

Vegan + pita = Veganitas! As the name suggests, Veganitas is all about vegan kebabs and pitas.

This is where fast food meets sustainability. Located in the basement of the station concourse in Lucerne, the takeaway is the perfect place for a tasty, sustainable snack on the go. The pita breads are baked fresh daily and served with various plant-based fillings and homemade sauces. The vegan Ceaser Salad, French fries and delicious vegan desserts round off the offer. 100% plant-based, 100% fresh and absolutely worth a visit.
