

Chriesbaume

swisshotel

The house is located at around 820 meters above sea level, above the village of Entlebuch, on a quiet sunny hill, from where you can enjoy a beautiful view of the valley and the mountains.

In 2023 we had the farmhouse, which has been in the family for generations, completely renovated and converted the attic into a holiday apartment. It was very important for us to combine the old style and materials with high-quality modern elements and thus to write a new chapter in the history of our house.

The loft apartment is approximately 50 m² and offers sleeping accommodation for up to 4 people (1 double bed and 1 double sofa bed). The many windows make the rustic-modern apartment very bright and offer a breathtaking view over the UNESCO Biosphere Entlebuch and the pre-alpine mountain landscape.

The open kitchen is equipped for all needs, and in the living room there is a small antique tiled stove, which can provide cozy warmth and additional comfort in the cold season.

The apartment offers you free Wi-Fi and you will also find a TV, a modern DAB + radio, books, and a collection of excursion tips for the region.

There is an outdoor parking space for your car in front of the house. Via a gravel path, you reach the former agricultural "lifahr" and the current staircase, which leads to the holiday apartment in the attic. The house is not equipped with an elevator.
