

## Christmas tour – Pine boughs and bright lights

Luzern Tourismus, Beat Brechbühl

**Together we stroll through the Christmassy city of lights, enjoying the enchanting lights, contemplative atmosphere and enticing fragrances of the Christmas markets.**

Discover the secrets surrounding the Christ Child and Father Christmas, how pine trees found their way into our living rooms, and since when illuminations have been adorning our streets and squares. Enjoy the highlight of hearing seasonal and humorous stories about Lucerne's Christmas traditions in December and visiting the life-size crib.
