Scenic tour "On the road with..." - © Erlebnisregion Mythen

### The scenic tour is a mixture of theatre and a guided tour of the town.

The mercenary Tschännel, or rather the maid Lisi, takes you on a walk through the centre of the village of Schwyz, while he/she conveys historically documented content in a scenic way.

The capital of Schwyz

Schwyz is a proud place with a rich past and culture. Swiss history was written here, which can still be seen today in the well-preserved town centre. This is characterised by stately patrician houses, the baroque main square with the town hall and the imposing parish church as well as numerous picturesque old alleyways. On an hour-long scenic tour of the village, you will immerse yourself in life in the 17th century and gain a completely new perspective of the village.

From mercenary to petty trading

"Söldner Tschännel" is a historical figure who, although invented, could have lived in Schwyz. Hans Gwerder, known as "Tschännel", enlisted indiscriminately as a traveller with all kinds of princes and lords and thus experienced several smaller wars in Spain, France and Italy. He also did a little petty trading on the side. He certainly didn't get rich doing this, but he experienced the most amazing stories. He wants to sweeten his retirement with one last trade. He will be happy to tell you about this and many of his experiences as a mercenary on the guided tour.

Schwyz village fire and other stories

"Magd Lisi" is a historical figure who is fictionalised, but could have lived in Schwyz. Elisabeth Maria Camenzind, known as "Lisi", works as a maid for the Reding family. In return, she receives only a modest wage as well as board and lodging. Her busy days begin before sunrise and only end late after sunset. "Lisi" is an outgoing, chatty woman and is often out and about in the village, which is why she knows a lot about everyone. What's more, "Lisi" experienced the Schwyz village fire as a child. During the tour, you will therefore be able to enjoy many exciting stories
