Puzzle fun in the woods

During the Riviera scavenger hunt in Vitznau, families and explorers embark on an exciting adventure in the heart of nature. Tricky puzzles await on idyllic paths in Vitznau and in the park forest. Along the way, a barbecue area invites you to take a cosy break and enjoy some refreshments. Those who solve all the puzzles can also win great prizes.

Punch cards for the treasure hunt can be obtained from Rigi Bahnen in Vitznau.

The story

The former well master of Vitznau was convinced that there was a magic spring in the municipality. He said that anyone who drank from it or bathed in it would be transformed into a wishing creature. He spent every spare minute looking for it. In the evening he came back tired and disappointed.

But now the fountain master has disappeared and everyone is puzzling over his whereabouts. His rucksack was found on the banks of the Leisibach in the park forest. It contained empty containers for water samples, a branch fork, a map, a full bottle of tea and his camera. Can you find the eight clues along the way with the help of the map and photos? They will tell you what happened to the well master.
