

## Riviera Scavenger Hunt Rigi

Scavenger Hunt Rigi - © Luzern Tourismus, Beat Brechbühl

**The "Rigi Scavenger Hunt" promises exciting puzzle fun in the most beautiful natural surroundings between Rigi Kaltbad and Rigi First.**

The scavenger hunt can be combined with a trip to Mount Rigi - eventful and exciting.

And there is also something to be won: once all eight posts have been found, the secret solution word can be revealed with the help of a clue in the display case in front of the Kaltbad Tourist Information Centre. Only then will the last puzzle be unlocked. If you manage to solve it, great prizes await you.

### Game description

The course with eight posts can be experienced from April to October. Punch cards for the scavenger hunt can be obtained from the Tourist Information Rigi Kaltbad.

The scavenger hunt begins at the Tourist Information in Rigi Kaltbad. The punch card contains instructions on where to find the eight posts between Rigi Kaltbad and Rigi First. When you come to a post, punch the post on the punch card. Once you have found all eight posts, you must translate the secret solution word at the Tourist Information Rigi Kaltbad and enter it online using the QR code. Only then will the last puzzle be unlocked. If you manage to solve it, great prizes await you. The scavenger hunt can be carried out every day from April to October .

### Conditions of participation

The closing date for the competition is 24:00 on Sunday. The winner will be drawn at random from all participants in an orderly draw with equal chances of winning from all entries received. The participation of minors requires the consent of their legal representatives. The winners will be notified personally. Participants' data will only be used for the organisation of this competition and will not be passed on to third parties. The Privacy Policy of Lucerne Tourism. No correspondence will be entered into about the competition. Lucerne Tourism reserves the right to amend the conditions of participation at any time. Legal recourse is excluded.
