

3D archery course

Hotel GO-IN

Hit the bull's eye!

Experience an adventure in the great outdoors on the 3D archery course. After an introduction to archery, you and your family or friends set off on the circuit. You don't have to stalk the targets, as they are not scary. Once you have spotted your target, it's time to tense up. Concentration and body tension are the guarantee of hitting the target. Try it out, either at a leisurely pace or as a hunting trophy event.
