

Gameorama

The Gameorama is a unique museum in Switzerland where visitors can immerse themselves in the world of games - from mechanical pinball machines to game consoles and arcade machines.

The exhibition area presents various themed worlds: Swiss games, games of antiquity, pinball machines, arcade machines, computer games, game consoles and pub games. In all areas there are information boards with exciting background information and fun facts.

The visit is rounded off in the cosy board game café, where visitors can choose from over 600 board and card games.

Reservation recommended: The number of visitors per time slot is limited to 40, so we strongly recommend a reservation Reservation.
