

Spinnerei Indoor

spinnerei-ibach-boulder hall - © Spinnerei Indoor

Hidden behind the walls of the old Ibach spinning mill is a leisure centre for young and old. The offer consists of a professional bouldering hall, an indoor playground and a café.

Address:

6438 Ibach

Bouldering hall

Up to 120 different bouldering routes are offered on an area of 750 m². Whether you are a beginner or an expert, you will find bouldering problems of all difficulties in the bouldering hall. So you can just get started and try it out!

For the little ones

If bouldering isn't playful enough for the little ones, then head to our indoor playground! In our themed playground, children can let their energy and creativity run wild. Covering an area of 350 m², the playground is designed as an activity park especially for children aged 3 to 9 years. It is designed to give even the youngest children the opportunity to test their climbing skills. Embedded in a mystical forest, the children can climb towers, venture over rope bridges and explore the large volcano. There is also a separate area for children aged 1 to 2 years.
