

Wooden figure Schachersepli

Christian Imfeld
Obwalden Tourismus OT AG

The large wooden figure "Schachersepli" was carved in honour of the yodeller and composer Ruedi Rymann and has always watched over the picturesque village of Giswil.

The words "I bi der Schacher Seppeli, im ganze Land bekannt", with which the song "Dr Schacher Sepli" begins, are known throughout Switzerland. In 2007, it was voted "Best Swiss Hit" by Swiss television audiences.

The Schachersepli Experience Trail was created in his honour and in reference to his famous hit. This shows the work of Ruedi Rymann as an experience in the marvellous natural surroundings and is particularly suitable for families.
