Rigi Kaltbad - Känzeli - Alp Rüb - Chrüzboden - Alp Ruodisegg - Seebodenalp - Küssnacht am Rigi

Be prepared for a difference in altitude of 1000 metres from the starting point in Rigi Kaltbad to the end of the trail in Küssnacht. Between the lookout at Känzeli and Rübalp parts of the trail are particularly steep but not dangerous.

The walk to the fantastic lookout at Känzeli is initially flat, so you can get off to a gentle start. The view from the lookout of Lake Lucerne's Kreuztrichter basin is unforgettable. There's also a memorial featuring Goethe's diary entry about his visit to Mt. Rigi. From Känzeli, the trail follows the same route taken by Queen Victoria of England (on horseback) in 1886: a steep but safe descent through the shady Mt. Rigi forest takes you via Alp Rüb and Chrüzboden to the cosy alpine pub Ruedisegg. From there the trail flattens out again until
