Give Me A Remedy is the name of the young band from Giessen, who have made it their mission to captivate their audience with a variety of emotions. Above all, singer Natalie can convince with lyrics in her mother tongue. Her soft, aggressive voice is pleasantly embedded in gripping guitars against a spherical synth backdrop. In June 2022, the band released their first EP called "Full Circle". The songs on "Full Circle" stand for conviction, passion and truth. And yet there is still room for playfulness and innocence between the hard lines. These lyrical contradictions are also expressed in the musical alternation between introspection and aggression.
