The other hotel on the Rigi

The Hotel Gruebisbalm is a real **innovation in ecological hotel business**, the hotel has been open again since 1992. The hotel was closed for 21 years and is now run by Gabi & Beat Schaub with an **organic cuisine**, whether vegetarian or with free-range meat.

The open part of the hotel has been **organically** renovated.

For your **holidays, festive occasions, courses, seminars & conferences** we offer a bright hall, a garden restaurant with beautiful old trees, 6 hotel rooms, the three single and double rooms are friendly and brightly furnished.

Gruebisbalm is an ideal holiday destination for **families and children**.

The hotel is **child-friendly** and the surrounding area offers plenty of space for young and old (we have a 4 by 4 metre **trampoline**) with healthy nature and lots of farm and wild animals.

Individuals can also get some fresh air here and relax in the quiet location of Gruebisbalm.

In spring, summer and autumn, the Rigi is a wonderful **hiking mountain** with a varied landscape, the fascinating panorama of the Alps and lakes that lie around the Rigi.

A **bath** in the clean Lake Lucerne, excursions on the **bicycle steamers** or to Lucerne are just some of the many excursion options. In winter, Mount Rigi is a **winter sports area** with ski slopes, cross-country ski trails, toboggan runs and a natural ice rink. Many hiking trails are also open during the cold season. Hotel guests can take advantage of the **guest card**
