This winter, we have a new attraction for our little ski bunnies. Please refer to the general overview of the winter sports report for the open facilities.

Winter sports report

Come to Kids skiarea Lok 7 at Rigi Staffel, where several varied short runs will help you «get the hang of it», and exciting playground elements invite you to have a ton of fun in the snow – all while your parents observe what goes on in the kids skiarea below, relaxedly enjoying a drink on the deck of Lok7 restaurant. Of course, bigger ski bunnies are welcome too.
