

Health & Beauty at the Park Hotel Vitznau

Wellness

Park Hotel Vitznau Health & Beauty - © Klaus Lorke

The Park Hotel Vitznau is a modern wellness oasis directly on Lake Lucerne offering unique views. The spa awakens the senses and soothes the body.

Relax with a massage, perspire in the Finnish sauna, swim towards the mountains in the heated infinity outdoor pool or rest in the tepidarium.

Pool

Dive into the 21-metre long, 9-metre wide heated infinity outdoor pool, enjoy the bubble loungers in the outdoor area or the whirlpool bath in the indoor area. In summer, the lake offers refreshing opportunities for bathing. Enjoy the sun's rays and the ambience sipping a chilled fruit cocktail on a pool lounge.

Spa

The feeling of spaciousness in the spa area is characterised by the elegant architecture and the 12-metre-long, ceiling-high saltwater aquarium containing 30-plus fish species. The middle of the room features the Kneipp foot baths and the ice grotto. Opposite, you can relax in the Finnish sauna and sanarium and cool off in the plunge pool.

In terms of relaxation, you can choose between two quiet rooms or the tepidarium with its lighting, music and lounge concept.

Massages

From traditional massages to individual treatments for your inner balance and relaxation.

Cosmetic

Do you fancy a peeling or manicure, or would you simply like your skin pampered again? The spa team will be happy to advise you on products, as well as their applications and effects.

The Park Hotel Vitznau is your private and exclusive retreat.
