

## Rope park Rigi

Rope park

Theme Park

**This is a real adventure that you simply have to experience. It's great for everyone, be that families, groups or schools.**

On a total of 8 routes high up in the tree-tops above the Alpenhof restaurant, there's plenty of fun and excitement to be had for families (children taller than 135 cm), clubs and company outings.

All visitors to the Rope Park are kitted out with high-quality equipment. Before starting out on the routes, visitors are instructed by experienced and well-trained guides in how to use and handle the equipment. Safety is the top priority.

The Mt. Rigi Rope Park is a member of the Swiss Rope Parks Association. The Mt. Rigi Rope Park, with 7 routes covering a total length of about 4 km, and various options for switching to a different route, promises lots of fun for all. The heights vary and each route presents a different challenge. The new «Viper» route, which includes a 25 m high moving climbing pole, is a serious challenge, even for experienced rope park visitors!
