Exploring the Wissifluh with the cable car

The hotel's own aerial cableway Vitznau-Wissifluh takes you to the vantage point of the Wissifluh mountain restaurant with its magnificent panorama.

The Wissifluh cable car is a nostalgic cable car and one of the few with only one circulating cable. The cable car overcomes a rock step and you float towards the exposed mountain station at a dizzying height. In the early days from 1908, the Wissifluh aerial cableway was still operated with water ballast as a counterweight. It has had an electric drive since 1942.

There is plenty for visitors to discover and experience on the Wissifluh. In the restaurant individual guests and groups are spoilt with regional products upon reservation.

Hikes

The Wissifluh is a great starting point for beautiful hikes, for example via Kuorez to Vitznau or Brunnen.
