Seebodenalp - Alp Raeb - Seebodenalp

To escape from the foggy weather in the valley, a trip to Seebodenalp is definitely worth a visit. True to the motto "Grey below - Blue above"

These wonderful winter hiking trails at the foot of the Rigi Kulm invite you to take a gateway from the stress and hectic pace of one's daily life. Cosy mountain inns adorn the beautifully signposted route. The Raebalp alpine restaurant, the Holderenhuette and the Grodstuebli will indulge you with local specialities and guarantee cosy places to stop for some refreshments. The starting and ending points both are the mountain cable car station of the Küssnacht-Seebodenalp. A large car park is located just directly next to the mountain station.

This easy winter hiking trail is suitable for both young and old and offers unique wide views overlooking the sea of fog.
