Theme Specific Tours

Bilderblitz - Bilderblitz

The burrow of Cologne-Ehrenfeld has been an area of innovation ever since its establishment during the industrial revolution of the 19th century. This proud tradition as a working class, industrial and free city is still visible today. Throughout the centuries the industrial landscape has transformed into an upcoming area due to its popularity with immigrants, artists and students. This is also the topic of the tour. We shall wander through and see the plurality of urban change and lifestyle within this vibrant area. Thus we see why Ehrenfeld has become one of the most popular areas for creativity and nightlife in Cologne. The industrial charm, street and urban art as well as the shops, stores, cafés, restaurants and bars along the route guide us through the history and the contemporary lifestyle of this pulsating district of Cologne.
