

Who is agriculture?

The interactive main exhibition addresses burning current issues around sustainable food production and combines them with historical objects from agriculture.

Between origin and future, the current issues of agriculture are addressed and discussed. Interactive, entertaining, engaging - for visitors from town and country, families, school classes and agricultural experts.

The Burgrain is not only a place of learning, but also a place of experience. From the training kitchen and seminar room to children's playground, fire pit and barn visit, the Burgrain offers a diverse range of attractions. On the premises there is an

organic farm and food processing plants Value chain of food production

can be experienced at the Burgrain. Ask yourself who is agriculture, enjoy the regional products in the store, let yourself be spoiled in the restaurant!

Wednesday to Sunday and public holidays 10.00 - 17.00 o'clock

Groups and school classes by appointment (also possible Mon + Tue)
