

Nature. And us?

An exhibition on the crucial question of our time.

We find respite in nature and ourselves in the wilderness. We revere the natural and long for untouched landscapes. At the same time, we search for solutions, by whatever technological means possible, to the threats of tiny viruses, massive flooding, and devastating blazes. We argue about whether and how to save nature. But what actually is nature? And to whom does it belong?

The NATURE exhibition invites you to question assumptions and develop new perspectives. You will plunge from head to toe into a poetic world, readjust your compass, and take part in a conversation about how to shape our interaction with nature in the future.

Devote yourself to the decisive question of our time – set out on an excursion inward!

With an interactive, immersive, large-scale exhibition (DE/EN/FR) and a diverse program the Stapferhaus will become a place for dialogue on perhaps the most pressing question of our time.
