

## Restaurant Fritschi

**Restaurant Fritschi since 1602 Located in the heart of the beautiful old town of Lucerne, awaits you a unique place.**

The simple, rustic character of the historic Fasnacht building offers a lot of ambience, takes you back to bygone times and conveys an impressive spatial experience with wall paintings. Stübli fascinates by its very special ambience. Whether you dine in the dignified atmosphere of the historic premises or - in the warmer months of the year - on the magnificent terrace, your visit with us will be an experience.
