The historic Seebad Luzern is one of the most popular bars in the city centre and, quite literally, on the water.

The Seebad Luzern is an open-air bar and bistro. After a dip in Lake Lucerne, you can head to the bar for a delicious snack and refreshing drink. The food at the Seebad Luzern is fresh, seasonal, simple and uncomplicated. A blend of Swiss, Mediterranean and Asian food culture, paired with homemade iced teas, local wines and beers, fresh summer drinks and aperitifs, completes the menu.

From the top deck of the Seebad Luzern, you can watch the glistening, turquoise waters of Lake Lucerne as the sun sets and the clouds slowly turn rose-pink. The perfect place for an unforgettable, lazy summer evening with friends, family or on a date.

Opening hours

Seebad Luzern is open for swimming during the day until 8 pm in summer months, while the restaurant stays open for guests into the night. On Sundays, the Seebad Luzern closes at 10 pm.
