

Maihöfli by UniQuisine

Trout Maihöfli - © A&C Gastro GmbH

The Maihöfli by UniQuisine restaurant offers fine dining experiences in a relaxed atmosphere.

The Maihöfli is a historic building that was built in 1896. After a change of ownership and renovation work, we were able to open our doors on October 6th, 2023. The restaurant has combined its old building chic with modern elegance. Robert Steuri continues this in his menu, reinterpreting old traditions. With his passion and experience, he ensures fine dining experiences in a casual atmosphere. The menu is based on the best regional and international products. There are no limits, only the best is put on the plate. In combination with techniques and spices from all over the world, a unique menu is created, which is the cornerstone of the new Maihöfli. Our experienced service team will also be happy to recommend a perfectly matched wine or an alcohol-free alternative, which we carefully select and produce ourselves.

We are looking forward to take you on a culinary journey.

See you soon in the Maihöfli restaurant
