### Mediterranean lifestyle in the middle of Lucerne

The Ristorante is designed in the style of a cozy Trattoria and conveys a familial hospitality that is uniquely characteristic of bella Italia. The styling is Italian; lots of wood, bright and open, modern yet slightly retro. The music that plays sets a cheerful mood! And the food? It's like a mini-vacation for your taste buds.

Indulge in delicious traditional Roman specialties: antipasti, homemade pasta and oven-fresh Pinsa. Upon request, meals can also be served in the style of a Tavolata Italiana, with large plates and pots placed in the center of the table.
