

Richemont

Breakfast for the whole family

Enjoy a cosy baker's breakfast with the whole family in the Richemont Restaurant. The aroma of fresh bread creates a pleasant atmosphere in the restaurant. The generous range of bread from the local bakery is served together with various egg dishes, light müesli creations and fresh meat and cheese specialities. Thanks to the free childcare, your offspring can play in a child-friendly environment after a short breakfast while you savour the homemade breakfast.
