

Café Nord

Café Nord offers the "fika" experience – Sweden's answer to the coffee break.

It's actually more a state of mind, but it involves having a coffee with good friends and something nice to eat. As well as coffee from the micro-roasting plant in Horw, it serves traditional Swedish cinnamon pastries as well as cakes and quiches made daily on the premises. Come here for a break and savour a slice of Stockholm in Lucerne's Neustadt quarter.
