"Rothschild dynasty - from the 5th generation back to the beginnings in the ghetto in Frankfurt am Main"

Betty Lambert represents the fifth generation of the European Rothschild dynasty. As the daughter of a Rothschild daughter, her name is missing from the official family trees - as are those of other descendants. Who was her great-grandfather James de Rothschild? The founder of the dynasty, Mayer Amschel Rothschild? What was it like to live in the ghetto on Judengasse in Frankfurt am Main, which was a very anti-Semitic city at the time? On the tour, you will find answers to these and other questions, such as who the "five Frankfurters" were, what brought the baroness to Switzerland and to what extent the design of the surroundings in Bonstetten bears her signature.

Tour of the Bonstetten estate with aperitif (including Bonstetten Park, but without the villa) with exclusive information from over five years of research work

Meeting point: At the gate in the cour d'honneur of the Campagne Bellerive

(Thun Region Music School)
