Talks, guided tours and a reading

The Farmstead from Novazzano, TI (851) will visualise people's footsteps and routes:

their life journeys will traverse the farm as part of a symbolic interactive activity. During face-to-face conversations, six people will recount their migration stories from all over the world. The HKB (BFH) EcoArtLab in partnership with mLAB (UniBE) will present the results of the residency taking place in Ballenberg, while guided tours will explain how the buildings are connected. A reading by Walter Schläppi and Marianne von Bergen (in German) from 'Kätter Briefe' will bring the event to a close.
