

Concert music society Oberried

Concerts

Bild

Already for the fifth time we may welcome the musicians of the music society Oberried on our sun terrace!

They are 21 active members and have been under the direction of Stefan Bernhard since August 2020. Their small, colorful troupe, ranging in age from 16 to 65, shares the joy of making music together. The spring festival with concert and theater as well as the Lentifest in the summer are among their main attractions in the annual program, where the cozy and social get-together is at the forefront. With a wide repertoire ranging from polkas, waltzes and marches to modern and concert light music, they attract music enthusiasts from the region to their village. The concert at the Giessbach marks the end of their musical program for the year.

You can expect hearty brass music combined with the magnificent view of the lake and waterfall!

The concert will only take place in dry and nice weather.
