Hotel

Peter Aldag, Gräflicher Park Health & Balance Resort

Das 4 Sterne Superior Hotel "Gräflicher Park Health & Balance Resort" in Deutschlands einzigen Privatheilbad Bad Driburg ist umgeben von einer 1.800 qm großen Parklandschaft.

The ancestor and founder of today's Gräflicher Park, Count Caspar Heinrich von Sierstorpff, wanted to create a 'place of rural pleasure' out of the spa baths that previously existed here.

This 235-year tradition of hospitality at the foot of the Teutoburg Forest is still continued today, and the complex is now managed by the seventh generation of the family. In the midst of the gorgeous green of the large English-style landscaped park, you can expect to experience luxury, a zest for life and a sense of well-being. At our four-star superior spa resort in Bad Driburg, North Rhine-Westphalia, which has been extensively renovated and redesigned, we support our guests on their journey towards achieving a sense of balance between the body and soul. In addition to first-rate medical wellness facilities, we also offer our guests the opportunity to host conferences and similar events in an exclusive setting.

We look forward to welcoming you here as our guest!

Best wishes,

Marcus Count of Oeynhausen-Sierstorpff

Annabelle Countess of Oeynhausen-Sierstorpff
