## Venue Description

The Hotel Stadtpalais is ideal for seminars and conferences in an upscale ambience. Opposite the LANXESS arena, in direct proximity to the trade fair centre and Cologne Messe/Deutz railway station, the hotel combines historical and modern architecture.

Parts of the original, listed Kaiser-Wilhelm Bad with library have been transformed into a comfortable hotel. Charming, historical elements such as railings, reliefs and natural stone have been stylishly incorporated into the new design. In addition to 113 rooms and two junior suites for overnight stays, the hotel currently offers 7 functional rooms for up to 70 participants in the conference area.

The seminar rooms are bright and friendly thanks to natural daylight, and Wi-Fi is freely available to visitors.

The Bio's Bar, inspired by Alfred Biolek, provides gastronomic delights. The ambience has been completely customised to the famous namesake and enhanced with personal items from his television life.

Since autumn 2019, our restaurant KWB in the Stadtpalais, which is directly connected to the hotel, has been available to our guests as a restaurant, bar, for celebrations and events for up to 350 people.

## Venue catering & gastronomy

After extensive refurbishment under strict monument preservation aspects, the former Kaiser-Wilhelm Bad from 1914 opened its doors as the KWB restaurant in the Hotel Stadtpalais in autumn 2019.

The restaurant offers a variety of fresh and regional dishes.

The location is available as a restaurant, bar, for celebrations and events for up to 350 people. A combination of historical tradition and modern architecture.
